Campos Altos Iris Garden

BERKELEY, CALIFORNIA.

William Mohr's Fine Seedlings

Introductions for 1924

- Amador** (Mesopotamica X Parisiana). Tall pink bicolor, similar to but slightly paler than Leverrier, but of stronger growth and more widely branching stems.....\$5.00
- Argentina.** Tall white Caterina seedling of unusual size and height. Has wintered and flowered well in Massachusetts, where it was much admired.....\$15.00
- Azulado.** Sister seedling of Argentina. Huge white flowers of which the falls are slightly flushed lavender. Tall and vigorous in our garden.....\$10.00
- Bellorio** (Korolkowi X Germanica). A similar cross to Carmelo has given a very distinct flower of mouse grey, not large but well placed on 30-inch branched stems. Absolutely distinct in its soft subdued coloring.....\$2.50
- Esplendido** (Mesopotamica X Parisiana). A fine big red-purple bicolor with such beautifully branched stems that its garden effect is striking. As "Seedling 44" it was much coveted last season in the garden.....\$5.00
- Gaviota.** Creamy white plicata, both standards and falls distinctly edged yellow. Of fine finish and good texture, the coloring of its medium-sized flowers is unusual. Hardiness quite unquestioned.....\$2.50
- La Favorita.** A Trojana Caterina cross resulting in a blue-purple self of same shade as Mandraliscae or Miranda but far surpassing these in size. Wonderful stems branching almost from the ground.....\$2.50
- Ramona** (Juniata X Pfauenauge). A new blend

of colors, petunia violet flushed cinnamon brown, lightened up by an orange beard. Fine form and substance; vigorous growth. (From official description made from plants which flowered in Massachusetts).....\$5.00

Silverado (Juniata X Pfauenauge). Sister seedling of Ramona, of quite different but equally distinctive coloring. Standards of dull lavender, falls plumbago blue, with orange beard. Vigorous and perfectly hardy in New England...\$5.00

Soledad (Trojana X yellow pumila). Blooming with the intermediates, this pale yellow self, darker towards the center, surpasses other varieties of its season in clear coloring and pleasing growth. 2 ft.....\$2.00

Set of 10 Mohr seedlings for 1924, described above and listed at \$54.50 for \$40.00 net.

Set of 6 Mohr seedlings for 1923, described on pages 3 and 4 of our catalogue and listed at \$17.00, will be supplied for \$12.50 net.

Both sets for \$50.00 net.

Information for Purchasers

BEFORE ORDERING, please read foreword to our catalogue and note that many varieties listed therein have been reduced in price as indicated. These prices and the ones in this supplement are for rhizomes to be delivered in June or July, 1924.

On orders of \$50.00 or more accompanied by cash and made up wholly of varieties at list prices, not sets or combination orders, a discount of 10% will be allowed.

We have only small stocks of many of the novelties, so to avoid disappointment we recommend early orders. We never substitute without permission. We have many novelties not in our list, and will be pleased to quote on anything we can supply, but we have neither Dominion nor its seedlings for sale.

By arrangement with his estate we have taken over all the seedlings of the late William Mohr. We believe so thoroughly in the importance of his work that we propose not only to introduce further selections from his seedlings, but to continue breeding from his stock to the best of our ability.

ROSE F. & SYDNEY B. MITCHELL.
